For *In Vitro* Research Use Only

### Human Phosphodiesterase 3B (hPDE3B)

Catalogue Number: H-PDE3B-100U  
Lot Number: 702111A

**Source:** Partially purified human recombinant PDE3B, cloned from human brain and expressed in *S. frugiperda* insect cells using a baculovirus expression system.

**Stability & Storage:** Stable for 1 year at  $\leq -70^{\circ}\text{C}$  from date of shipment. For best results, aliquot and freeze the product on initial thaw and avoid repeated freeze thaw cycles.

**Storage Buffer:** RIPA buffer (10mM Tris, 150mM NaCl, 0.1% NP-40), pH8.3

**Activity:** 100 units per vial, 2  $\mu\text{l}$  per unit (or 0.5 units per  $\mu\text{l}$ ). 1 unit is defined as the amount of enzyme that will convert 1picomole cAMP to AMP per min at pH7.5 at  $30^{\circ}\text{C}$ .

### Quality Control

Enzyme Inhibitor: Cilostazol

Substrate: cAMP

IC<sub>50</sub> Range: 0.3 – 1.2 $\mu\text{M}$

Lot IC<sub>50</sub>: 0.82 $\mu\text{M}$

QC Pass: \_\_\_\_\_
